RE: Site Inspection, Magic Mountain Mining Inc, Magic Mountain Project, S/017/025,
Garfield County, Utah

Date of Inspection: June 27, 2000
Time of Inspection: 12:05 - 12:15
Conditions: Sunny, warm
Participants: Buzz Rakow, BLM; Tom Munson, DOGM

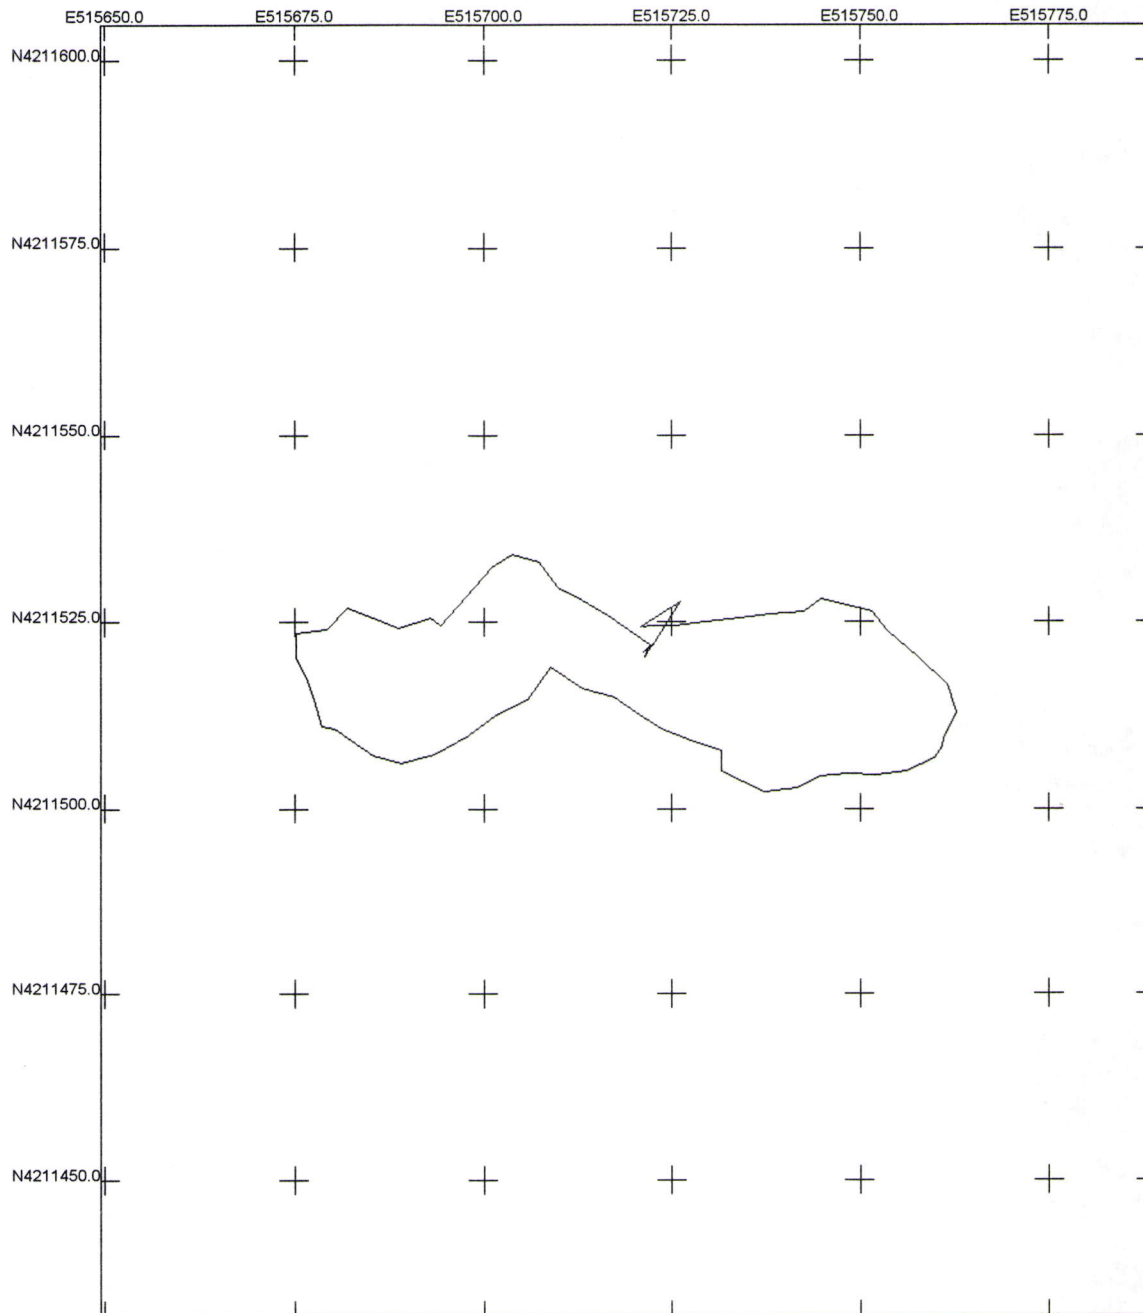

Purpose of Inspection: To inspect site at operator's request to close file

There is a small excavation which we GPS'd and determined to be .362 acres. There is also a slot trench in this area which the BLM said Mr. Blackham did not do. Therefore, Magic Mountain Mining will not be held responsible for this trench. Buzz walked the area of disturbance with the GPS since he was familiar with what Mr. Blackman had disturbed. A photo was taken of a small ore pile, which is the responsibility of Mr. Blackham.

As there is still reclamation responsibility at this site, the file cannot be closed until Mr. Blackham has completed the reclamation. Mr. Blackham needs to be contacted and informed that the permit fees are still due for this site. No fees have been paid for 1998, 1999 and now 2000.
